Re: Notice of *Ex Parte* Meeting – Framework for Next Generation 911
Deployment, PS Docket No. 10-255

Dear Ms. Dortch:

On behalf of Neustar, on September 16, 2011 at 2:00 pm, Lisa Hook, Chief Executive Officer; Steve Edwards, Senior Vice President Carrier Services; Brian Rosen, Senior Director; and I met with FCC Chairman Julius Genachowski and Amy Levine, Special Counsel & Legal Advisor to the Chairman, to demonstrate a version of Neustar's Text Everywhere technology adapted to send text messages to Public Safety Answering Points (PSAPs).

We advised the Chairman that Neustar's approach is an interim technological solution for text to 911 that would require no PSAP equipment upgrades, would use the existing 911 call routing mechanism and location infrastructure, and could be rolled out nationwide within several months. Neustar did not, however, advocate for any particular Commission action or decision. This meeting was simply a live demonstration of Neustar's technology.

The Sunshine period commenced for this proceeding on September 15, 2011. *See Public Notice: FCC to Hold Open Commission Meeting Thursday, September 22, 2011*; 47 CFR 1.1203. Pursuant to 47 CFR 1.1204(10), the Chairman requested that Neustar provide today's presentation in connection with gathering evidence concerning the NG911 proceeding. Accordingly, Neustar's presentation falls within that exemption to the Sunshine period prohibition and we file this letter in compliance with 47 CFR 1.1206(b)(2)(v).

If you have any questions about this letter, please contact me at 202-533-2920.

Respectfully submitted,

A handwritten signature in blue ink that reads "Scott Harris". The signature is stylized, with the first letters of the first and last names being capitalized and prominent.

Scott Blake Harris
Executive Vice President

cc: Chairman Julius Genachowski
Amy Levine, Special Counsel & Legal Advisor to the Chairman
